Opportunity Classes will accept scores as a schooling show score with no additional non-member fee. The points count toward a schooling class at larger regular shows. Lisa Schneider, a non-profit specialist, will work with the board on the by-laws. It is suggested that we send out a survey to present and past members to get feedback on what we want to do and where we want to go as an organization. It was felt also that we should reach out more to people that are new to dressage as well as the pros who are already in the organization to find ways to help them get their message out for riders and for non riders.
