Annual Meeting & Awards Presented Virtually

The 2019 Annual Meeting and Awards Presentation took an unusual twist this year, due to the corona virus pandemic. The actual on-site event was cancelled, so a teleconference was set up to go through the presentation, which was emailed ahead of time to members.

Overall, on the WDCTA business front, we're sound financially. Regarding events, we were making plans for a booth and a demonstration at the Midwest Horse Fair, but it was cancelled. For May, the Cindy

Ishoy Clinic and the first in the eventing series were cancelled. For the rest of our activities, all we can do is continue planning and hope. Stay up-to-date by watching the newsletter, our website and Facebook pages. And, you can always contact any of the state or chapter officers.

Now back to the theme of this month's issue: enjoy the photos of all the award winners!

(Note: Photos of award winners were submitted by the riders/owners.)

The 2019 WDCTA awards include (left) a director's chair for champion, (right) an etched glass vase for reserve champion, and (below) a saddle pad for maiden champion.

Like many of you, for the last few months with the corona virus, I have been limited in what I do and where I go. The good thing is...I've been able to keep riding, but I basically go from my trailer to the barn and back to my trailer. But from what I hear back in Wisconsin, some of you haven't even been able to see your horses! I can't imagine how hard that would be.

At the barn I'm at in Florida, there are only three boarders (including me), and being in such a warm climate, the barn is a very open design. Usually only two of us are in the barn at the same time, and 99% of the time, I'm riding in the outdoor arena alone— if you don't count the iguanas!

We all do a lot of hand washing and using antiseptic wipes. If our trainers come, the trainers go straight to the observation deck, never coming into the barn. We all have the same routine: home-barn-home with the occasional trip to the grocery store with our masks on.

An Unplanned Extra Month

I was supposed to be coming home at the end of April; however, an unexpected event thwarted that plan. About a week ago, it was 90 degrees, and after riding Tanqueray, I decided I wasn't up to a training ride on Zeza in the heat, so I decided to take her for a "trail ride." Oh, if I had the opportunity to change that decision! The horse community, Little Ranches, has nice wide ditches, but the driveways you need to cross are asphalt, concrete or cobblestone. We were about halfway into our ride, when I had to cross a driveway. Not only was it concrete, it was *polished* concrete. I rode as carefully as I could across it. We made it to the point where Zeza's front legs were back on the grass, when her hind legs slipped out from under her, and down we went. She scrambled back up, which was a bit of a challenge with her hind legs still on the concrete. She seemed to be okay, so I stayed on her (I didn't even lose my stirrups), and we finished the walk. Back at the barn, just to check, I rode her at the walk in the arena and trotted her each direction to make sure she was fine. She seemed to be, so I untacked her, hosed her off and put her away. I purposely didn't give her bute or Banamine because I wanted to know if she was going to get sore. However, the next day, her left hind leg was swollen, she wasn't putting any weight on her leg, and she wasn't eating.

Long story short, she sustained a hairline fracture of the cannon bone in her hind leg. Besides the injury, the swelling was also being caused by a huge hematoma. The treatment: stall rest for 30 days, bute, cold hosing, ice boots and a poultice under compression wraps. She can only go out to hand graze, if she remains calm. Fortunately the injury isn't career-ending, just a bump in the road. Because I couldn't imagine putting her on a trailer for a 23-hour drive, risking the healing of her leg, I'm staying until the end of May. I'm grateful to have an understanding husband who agreed it wasn't worth the risk. (I so miss him right now!)

A Bump in the Road, but a Silver Lining for All of Us

I'm trying to look at the silver lining in this. First, it should be warm when I do get home. I was not looking forward to dealing with sheets and blankets after my horses were used to temps in the 80s and low 90s. Secondly, I'll have 30 more days to focus on the in-hand work for piaffe and passage with Tanqueray. I'm sorry I can't keep working on that with Zeza, but she was further along than him anyway, and they don't forget their lessons.

I hope all of you can get to the barn soon and catch up on riding your horses. Remember, they don't forget what they've learned, and in the winter, sometimes the bitter cold keeps us from riding anyway. It's just a bump in the road. What's more important is to stay safe and healthy!

Product Review

A Great Product: Nylon Hay Bale Bag

By Kathy Caspary

For years, I would feed my horses three times a day in large, inverted tractor tires. Of course, they love to use their noses to flip the hay flakes, or grab a flake and throw it on the ground to find all of the choice parts to eat first. Not a problem—until the wind blew the loose hay everywhere but in their eating area or they stomped all over it and wouldn't eat that hay. As my boys age and don't keep their weight as well as spring comes, I would feed more hay. They still looked a bit thin as the spring shed started.

My local horse friends starting posting on social media about using hay nets to feed hay to horses. The only hay nets I ever knew about were the ones with the 3-inch holes that hold a couple of flakes that you would

hang in the stall. My horses are kept out most of the time, so that type would never work. I did some research and found you could put a whole bale in the net and attach it to a feeder. I purchased two. My inverted tractor tires were heavy enough to contain the netted hay bale. I used a rope with a heavy duty snap on it, secured it to the

their top lines and look great. My younger horse, who would normally gain whatever the old guys lost, is in good body condition. I know exactly what they eat per day, and can add or subtract hay, according to their use. My hay use is down 15%, and hopefully this spring after the melt, the cleanup of their loafing area is mostly manure.

My only complaint with the bags is when they get wet, they freeze in the winter. Then they're not very flexible, making it hard to get the hay into the net. Bringing the empty bag into a warm place helps a lot. On a sunny day, the bags dry quite quickly. I am waiting for a spring day to wash and let them dry before using again.

Another bonus will be when I have to hire someone to care for the horses if we go out of town. Instead of paying for several trips to the farm each day, my farm person can come once a day, especially as the weather gets more predictable.

What a wonderful invention!

tire, filled the hay bag, hauled it to the tire and snapped it on the quick link of the hay bag. The other end of the bag has a rope with a toggle to tighten and keep the bag closed.

I am down to feeding hay once a day, as it takes my three boys 24 hours to empty the bags. It's like grazing on pasture. They eat when they want to, and there's very little wasted hay. My old boys are keeping

Symposium Release Form

WISCONSIN DRESSAGE & COMBINED TRAINING ASSOCIATION WAIVER, RELEASE, AND HOLD HARMLESS AGREEMENT

In consideration for my participation in the **Laura Graves Symposium, Oct. 24-25, 2020 at the Alliant Energy Center** (hereafter, "the Activity"), I (the "Participant") hereby acknowledge and voluntarily agree to the following (hereafter, "Agreement"). "Participation" includes, but is not limited to, riding, handling, instructing, or spectating.

1. Acknowledgment of Inherent Risks of Equine Activities. I acknowledge and understand that there are numerous inherent risks of participating in equine activities, including, *but not limited to*: (a) the propensity of an equine or other animal, irrespective of its training, to behave in ways that may result in injury, harm, or death to persons on or around them (for example, jump, run, kick, buck, bolt, spin, rear, strike, or bite); (b) the unpredictability of an equine's reaction to such things as sounds, sudden movements and unfamiliar objects, persons or other animals; (c) certain hazards such as conditions at or below the surface or ground, whether seen or unseen; (d) collisions with other animals or objects; (e) the potential for another person participating in an equine activity to act in a negligent manner that may contribute to injury to me, or to others, such as failing to maintain control over the equine or not acting within his or her ability; (f) the breakage or failure of tack or other equipment; and (g) the potential that an equine or other animal may cause injury or harm to the rider or to other persons or animals in the vicinity. *I understand these risks and further acknowledge that I am not relying on the Wisconsin Dressage and Combined Training Association (hereafter, "WDCTA") to list in this document all possible inherent risks of participating in equine activities or the Activity.*

2. Acknowledgement that Participation in the Activity is Voluntary and Requires Personal Judgment. I acknowledge and understand that riding instruction by its nature requires that the instructor issue directions in the form of "commands." I understand that while I should consider such commands, I must and will use my own judgment during my participation in the Activity. I understand that while participating in the Activity that: the commands and all activities engaged in as part of the instruction are entirely voluntary; that the instructor is not entitled to nor requests absolute obedience; that I may elect not to comply with any command or suggested act; and that I am expected to at all times be alert and thinking while participating in the Activity. I represent that both my equine and I have the requisite level of physical fitness and mental alertness to enable us to participate in the Activity, and are in good health and free from injury, illness or other defects which may impair our ability to engage in the Activity.

3. Waiver and Release of Liability. I understand and voluntarily accept the inherent risks of engaging in equine activities, including risks from my voluntary compliance or noncompliance with instructor commands associated with the Activity. I voluntarily agree to hold harmless, release, waive, and covenant not to sue **Laura Graves, WDCTA, its officers, members, non-members that pay an auditing fee, the Alliant Energy Center, as well as all other participants in the Activity ("Released Parties")** from any and all injuries, death, liability, or damage to person or property arising from my participation in the Activity, unless caused by Released Parties' reckless, intentional or willful misconduct. Thus, I understand that this waiver and release is effective even if the injury, death, liability, or damage to person or property is caused or contributed to by the negligent action or inaction of Released Parties.

4. Equine Activity Liability Law. I acknowledge that I have read the State of Wisconsin's notice regarding equine activities:

Notice: A person who is engaged for compensation in the rental of equines or equine equipment or tack or in the instruction of a person in the riding or driving of an equine or in being a passenger upon an equine is not liable for the injury or death of a person involved in equine activities resulting from the inherent risks of equine activities, as defined in section 895.481 (1) (e) of the Wisconsin Statutes.

5. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of the State of Wisconsin. Any controversy, dispute, or claim arising out of or related to this Agreement, shall be resolved exclusively through proceedings filed in the federal or state court in Dane County, WI. The invalidity or unenforceability of any provision or sentence of this Agreement shall not affect the validity or enforceability of any other provision or sentence of this Agreement, which shall remain in full force and effect.

I have read this waiver, release, and hold harmless agreement, fully understand its terms, understand that I am assuming risks inherent to my participation, and agree to be fully bound by its terms. I understand that I am free to consult with any counsel about the terms of this agreement.

Deadline for Rider Application

Aug. 1, 2020

This is your chance to ride with Laura Graves, one of this country's top international riders, who started out, just like most riders, with a pony and a dream. Add to that, is Laura's persistence and determination through some tough times with her partner, Verdades, because he was not easy as a young horse. Together, they became Olympians and international stars. In early 2020, Laura announced the retirement of Verdades. Currently she has some up-and-coming young mares we hope to see in the future.

Laura's experience and the opportunities she has had with top trainers over her career, will help give you tools for training your horse and, if an instructor, give you ideas for helping your students.

For updates about the symposium, visit:
www.wdcta.org or our two Facebook pages.

RIDER SELECTION PROCESS

The following horse/rider combinations are needed:

- 2 young horses under saddle
- 2 Training/First Level (amateur riders preferred)
- 1 Second Level
- 1 Third Level (green to this level)
- 1 Fourth Level
- 1 Prix St. George (green to this level)
- 1 Intermediare I
- 1 Intermediare 2/Grand Prix (green to this level)
- 1 Grand Prix

Only online applications will be accepted. For the application, go to WDCTA.org.

The four reserve horse/rider combinations to back up the above selections are: a young horse, Training/First Level, Third/Fourth Level, and FEI. These combinations will be selected from the pool of riders not selected for the actual symposium riding slots.

Riders need to submit a complete application to include all of the following:

- USDF/FEI Performance Record from the past two years or a letter of recommendation from trainer if the rider/horse combination do not have the scores. (The letter of recommendation can be submitted even if one has the scores.)
- A summary explaining why they would like to be chosen
- A five-minute video showing the movements at the level applying for
- Current Coggins Test and record of current year vaccinations
- Rider release form
- Payment (which will not be processed until a rider has been selected and notified)

NOTE:

- Riders must ride the horse listed on the application.
- Riders may apply with more than one horse.

Applications and videos are not reviewed until after the deadline submission of **Aug. 1, 2020**. We will notify all applicants upon receipt of their entry AND as soon as the selection process is complete, *no later than Sept. 1*. We will not publish or release the names of applicants who are not selected.

If you are **not** selected to ride, we hope you'll join us by auditing. You may want to sign up to audit now to make sure you have a spot in case you are not selected as a rider. If you are selected as a ride, we will refund your auditor application fee. In addition, if you are selected as a reserve horse/rider and you accept, we will refund the difference between the two costs.

FEES AND CANCELLATIONS

- ~ The clinic fee for the Second Level through Grand Prix sessions is: **\$600 for WDCTA members and \$650 for non-WDCTA members.**
- ~ The clinic fee for the group rides (Young Horse, Training and First Level) is: **\$400 for WDCTA members and \$450 for non-WDCTA members.**
- ~ The fee for the four reserve riders is \$100 for both WDCTA and non-WDCTA members. (We will refund the difference if you are selected as a reserve rider and you accept this role in the symposium.)

The fee includes a ride on both days, a horse stall, a tack stall and one auditor pass for someone other than the rider, but does not include lunches.

Payment will be processed within 7 days of selection. Should checks/payment not be good, we will assume the rider has cancelled and the first alternate will be selected to take his/her place. (There is a \$50 charge to cover any insufficient fund fees.) Riders who need to cancel after their participation has been confirmed, should notify Pam Erlanger, the rider coordinator, immediately. Riders canceling will receive a refund, minus a \$25 processing fee, if a replacement rider can be found. If no replacement is available from the applications, the rider will not receive a refund unless a medical or veterinary emergency can be verified.

**WISCONSIN DRESSAGE & COMBINED TRAINING ASSOCIATION
WAIVER, RELEASE, AND HOLD HARMLESS AGREEMENT**

In consideration for my participation in the **Cindy Ishoy Clinic May 23-24, June 27-28, Aug. 1-2, Sept. 12-13, Oct. 10-11 at Touchstone Farm** (hereafter, "the Activity"), I (the "Participant") hereby acknowledge and voluntarily agree to the following (hereafter, "Agreement"). "Participation" includes, but is not limited to, riding, handling, instructing, or spectating.

1. Acknowledgment of Inherent Risks of Equine Activities. I acknowledge and understand that there are numerous inherent risks of participating in equine activities, including, but not limited to: (a) the propensity of an equine or other animal, irrespective of its training, to behave in ways that may result in injury, harm, or death to persons on or around them (for example, jump, run, kick, buck, bolt, spin, rear, strike, or bite); (b) the unpredictability of an equine's reaction to such things as sounds, sudden movements and unfamiliar objects, persons or other animals; (c) certain hazards such as conditions at or below the surface or ground, whether seen or unseen; (d) collisions with other animals or objects; (e) the potential for another person participating in an equine activity to act in a negligent manner that may contribute to injury to me, or to others, such as failing to maintain control over the equine or not acting within his or her ability; (f) the breakage or failure of tack or other equipment; and (g) the potential that an equine or other animal may cause injury or harm to the rider or to other persons or animals in the vicinity. I understand these risks and further acknowledge that I am not relying on the Wisconsin Dressage and Combined Training Association (hereafter, "WDCTA") to list in this document all possible inherent risks of participating in equine activities or the Activity.

2. Acknowledgement that Participation in the Activity is Voluntary and Requires Personal Judgment. I acknowledge and understand that riding instruction by its nature requires that the instructor issue directions in the form of "commands." I understand that while I should consider such commands, I must and will use my own judgment during my participation in the Activity. I understand that while participating in the Activity that: the commands and all activities engaged in as part of the instruction are entirely voluntary; that the instructor is not entitled to nor requests absolute obedience; that I may elect not to comply with any command or suggested act; and that I am expected to at all times be alert and thinking while participating in the Activity. I represent that both my equine and I have the requisite level of physical fitness and mental alertness to enable us to participate in the Activity, and are in good health and free from injury, illness or other defects which may impair our ability to engage in the Activity.

3. Waiver and Release of Liability. I understand and voluntarily accept the inherent risks of engaging in equine activities, including risks from my voluntary compliance or noncompliance with instructor commands associated with the Activity. I voluntarily agree to hold harmless, release, waive, and covenant not to sue Cindy Ishoy, WDCTA, its officers, members, non-members that pay an auditing fee, Touchstone Farm/Caryn and Mark Vesperman, as well as all other participants in the Activity ("Released Parties") from any and all injuries, death, liability, or damage to person or property arising from my participation in the Activity, unless caused by Released Parties' reckless, intentional or willful misconduct. Thus, I understand that this waiver and release is effective even if the injury, death, liability, or damage to person or property is caused or contributed to by the negligent action or inaction of Released Parties.

4. Equine Activity Liability Law. I acknowledge that I have read the State of Wisconsin's notice regarding equine activities:

Notice: A person who is engaged for compensation in the rental of equines or equine equipment or tack or in the instruction of a person in the riding or driving of an equine or in being a passenger upon an equine is not liable for the injury or death of a person involved in equine activities resulting from the inherent risks of equine activities, as defined in section 895.481 (1) (e) of the Wisconsin Statutes.

5. Governing Law. This Agreement shall be construed and enforced in accordance with the laws of the State of Wisconsin. Any controversy, dispute, or claim arising out of or related to this Agreement, shall be resolved exclusively through proceedings filed in the federal or state court in Brooklyn County, Wisconsin. The invalidity or unenforceability of any provision or sentence of this Agreement shall not affect the validity or enforceability of any other provision or sentence of this Agreement, which shall remain in full force and effect.

I have read this waiver, release, and hold harmless agreement, fully understand its terms, understand that I am assuming risks inherent to my participation, and agree to be fully bound by its terms. I understand that I am free to consult with any counsel about the terms of this agreement.
